

# Property Marketing Plan

*creath partners*

Exclusively Prepared for: **[Client Name & Address]**

## Campaign Goals

The primary objective of the marketing campaign is to find a buyer for your home. The criteria for meeting this objective include the following:

- Selling your home at or above market value. [option: insert price]
- Achieving the sale within your preferences for timing. [option: insert date]

## Audience

The target audience for your home are prospective buyers actively searching for homes within your home's price range, area, lifestyle, or any combination of these variables. We'll use information such as photos, video, and details about your home as the main benefit or value to attract the audience. This information will help them determine if your home meets their criteria and give them the opportunity to express their interest.

## Positioning

The message's positioning is the main theme in the marketing for your home. It represents the distinct value your home offers in comparison to its competition on the market. Buyers are evaluating your home against the others, which is why we want your home to stand out from the competing houses.

Developing the positioning requires three steps: Assessing the home's condition and highlight features compared to other similar home for sale, connecting those features to the current trends in buyer preferences, crafting the narrative to connect to the distinctive value your home offers.

*Example: Rare sub-\$300K Ranch Oaks family home in top school district.* [option: use real message]

## Calls to Action

Calls to Action are created for different levels of buyer interest to connect with the viewer based on where they are in their home buying journey. The following calls-to-action will be used throughout the marketing mix for your home's campaign:

- *Schedule a Tour* – Viewers can schedule a specific day and time to tour your home. This indicates a serious buyer. A variation of this call-to-action is "See This Home."
- *Ask A Question* – Viewers can fill out a form, message, text, or call my phone number to find out more details about your home. This indicates a high-interest buyer. Typically, the next step for this viewer is to schedule a tour to see the home.
- *Learn More* – Viewers can click buttons or links to get more information about your home. This indicates a buyer with potential interest. Variations of this call-to-action include "See More Photos," "Watch More," and "Get Address & Details."
